

2025-2026 Student Health Insurance Plan: University of Miami - Gables

Policy No. 2025-203591-1
1-833-931-0533
customerservice@uhcsr.com

Who can enroll?

All Domestic undergraduate students actively enrolled in 6 or more credit hours and domestic graduate students with full-time enrollment status per semester, will be charged the annual student health insurance unless proof of comparable coverage to waive this insurance requirement is submitted through the waiver portal. All International students, regardless of credit hours, are required to be enrolled in the Student Health Insurance Plan unless Embassy sponsored.

Students must actively attend classes for at least the first 31 days (unless an official medical withdrawal has been approved by the Student Health Service) after the date for which coverage is purchased. Non-Degree seeking, non-credit courses, certificate programs, online or weekend-only programs or courses do not fulfill the eligibility requirements.

Dependent eligibility

Enrolled students may also insure their eligible dependents at the time the student is first able to enroll in the plan (within 14 days of the start of the semester). Eligible dependents are the student's legal spouse and dependent children under 26 years of age. Students who enroll for a qualifying life event do not have the option to enroll dependents until the following academic year. Current students also have the option of enrolling their newborn or adopted child as a qualifying life event if enrollment is within thirty-one (31) days of the date of birth or adoption. Enrollment must be for the same coverage period as that of the enrolled student.
