### How do you want to share your information?

There are many ways to let other people have access to your health information. Let us help you find what you need.

**Share with People**

**Friends and family access**
Control who can view your information, and whose information you can view.

**Download or send your record**
Download information about your visits or send it to someone else.

## Friends and Family Access

### Who Can See My Record?

No one can see you

**+ Invite someone**

## Invite Someone to Have Access to Your Record

1  We will email an invitation to someone you trust.

2  From the email, they can log in to their MyUHealthChart to accept the invitation.

3  They must verify they know you by entering your date of birth.

### Who are you inviting?

*
