

Are you having trouble getting to the website?

If you are using an iPhone see the instructions below:

- Type the URL <https://mystudenthealth.miami.edu> which will redirect you to Login (see figure A below)
- Click on the Login button
- If you get the message “Cannot Open Page” click on OK and then click the Login button again (see figure B below)
- This should give you the page that indicates Login successful (see figure C below). Click on the link on the word here to continue to the website
- You should now be at the website
